

# PRODUCT LISTING FOR PETROLEUM & INDUSTRIAL EQUIPMENT INDUSTRIES

# LIQUID & BULK

Since IES (Industrial Equipment Supply) was founded in 1981, they were focused on serving the liquid handling industry. Even after McGill Hose & Coupling acquired IES in 2006, their mission to establish and maintain “one-on-one” relationships with all of their customers has not waived.

## ABOUT US

Today our approach to customer care and “store-to-door” service sets us apart from our competitors. Our customers know that they can rely on us to listen to their unique concerns and to provide cost-effective solutions. Utilizing IES’ commitment to customer service and combining that with our over 60 years of experience, our ability to completely service the Liquid & Bulk Industries is unparalleled.

Contact us today to set up an appointment and learn more about how we are reshaping the way the Liquid & Bulk Industries get the products that are essential to keeping their businesses running and their trucks on the roads! Call today and speak to one of our Application Specialists.

# DELIVERY WHEN YOU NEED IT

## TRUSTED PARTNERS

## S.I.G.H.T. INTERNAL GROUNDING

Internally grounding the hose between the two fittings eliminates concerns if the embedded grounding wire has become detached/broken within the hose or from the fittings. This safety feature is available on all of our grounded fuel delivery hoses.
