Hi-Purity Hose Solutions by:

Purity... a simple word, but so complex when actually working to achieve it in your end product.

We at McGill Hose & Coupling understand that keeping a pure, consistent product is paramount to maintaining profitability and safety in Food Processing, Beverage, & Dairy industries, among many others.

MHC prides itself on supplying quality product solutions and services for these industries. With over 100 years of combined experience in custom hose fabrication, large inventory of various hoses, high-volume production & partnerships with the best in hose and coupling manufacturers, you'll feel confident putting your trust in us.
