Food Grade & Hi-Purity Hose Solutions by:

Purity... a simple word, but so complex when actually working to achieve it in your end product.

We at McGill Hose & Coupling understand that keeping a pure, consistent product is paramount to maintaining profitability and safety in Food Processing, Pharmaceuticals, and Beverage industries, among many others.

MHC prides itself on supplying quality product solutions and services for these industries. With over 100 years of combined experience in custom hose fabrication, large inventory of various hoses, high-volume production & partnerships with the best in hose and coupling manufacturers, you'll feel confident putting your trust in us.

CAPABILITY HIGHLIGHTS

- Expedited Custom Sanitary Assemblies
- Full Flow & Hi-Flow Fitting Attachments
- Large In-Stock Inventory
- Vendor Managed Inventory Capabilities
- JIT Delivery

PROCESS HOSE & ASSEMBLIES AVAILABLE

CONDENSATION-FREE HOSE ASSEMBLIES

STAINLESS SANITARY FITTINGS & VALVES

WASHDOWN & SANITIZING STATIONS

Relied upon for the clean, safe transfer of their process fluids for over 40 years.

- **BIOFLEX Ultra** - Best for Bio-pharm for clean, fast flow of high purity fluids.
- **PHARMALINE N&X** - Improved compatibility & cleanability over silicone rubber hoses.
- **CORROLINE+** - Best in rough use clean flow applications

Sanitary Fittings

Dixon is a name synonymous with quality stainless fittings

- Full line of 304 and 316L stainless steel sanitary fittings, tubing, valves and pumps
- Clamp, weld, bevel seat, I-Line, European & other fittings in a variety of sizes from 1/2" to 12"
- Complete line of BioPharm fittings from sizes 1/2" to 6"

A pioneer in the elimination of condensation on cold hoses

- **Telcra** - TELCRA insulated hose is particularly well suited for ice cream and other food application where condensate born bacteria is a concern.
- Good thermal insulation and low thermal conductivity
- Super flexible material and contours easily to complex forms

Industry leader in hose manufacturing for food & beverage processing systems

- **Purple Snake** - #1 hose for the international beverage industry
- **VINTNER** - Crush-resistant hose for in-plant & truck transfer applications
- **Plicord Brewline/Wineline** - Ideal hose for breweries/wineries meeting FDA specs.

Saint-Gobain specializes in hose & Tubing for Process Systems, Biopharm, & Medical industries

- **Tygon** - Precision-designed for peak performance & regulatory compliance, across specialized fluid transfer applications
- **Versilon** - Premium quality tubing, hoses, & fittings, fullfilling demanding certification, performance, & safety standards.

Super Klean has emerged as a leader in industrial washdown equipment.

- **DURAMIX 8000**- #1 Rated in steam water mixing stations.
- **3600 Hot & Cold Mixing**- Trusted by some of the finest breweries, beverage companies, dairies, among other industries.
- **"Standard" Nozzle**- available w/ built-in temperature indicator for increased cleaning accuracy
